

## TOYOTA CHR REAR CAMERA MODULE TEARDOWN REPORT

**May 2018.** LTEC Corporation released a teardown report of a millimeter wave radar module manufactured by Continental AG for the TOYOTA CHR model. "Toyota Safety Sense P" is a detection sensor that combines millimeter wave radar and monocular camera together. The system recognizes not only cars but also pedestrians as well, thus helping to avoid accidents and reduce collision damage.

**Module image**

**Control unit PCB**

A unique mounting method is used to combine the lens of the optical system and the image sensor. The manufacturer of the image sensor has not been identified yet. The 7 pages report includes teardown, X-ray image of the camera module , CIS die image and CIS pixel image.

**Price: \$250**

Note: The listed report price may not be accurate as it decreases over time.
